

CANVAS – ADD A PREREQUISTIE

FACULTY

You may want to require students to finish one assignment/module before they proceed to the next assignment/module. You can do this by adding a pre-requisite to a module. This guide explains how to add a prerequisite to a module.

EDIT THE DESIRED MODULE

1 POST-SEMINAR PART 2 of 3: Submit Inj Tech Evaluation Form by 3/24/21 by 11:59pm EST

Submit Inj Tech Evaluation Form to Access Module with Attendance Code
Mar 24 | 1 pts | Submit

2 Edit

3

POST-SEMINAR PART 3 of 3: After Submitting Injection Technique Assessment
Prerequisites: POST-SEMINAR PART 2 of 3: Submit Inj Tech Evaluation Form by 3/24/21 by 11:59pm EST

Attendance Code for Final Exam (due 3/31/21) & Details

- Move Contents...
- Move Module...
- Delete
- Duplicate
- Send To...
- Copy To...

SET THE PREREQUISTIE WITHIN THE DESIRED MODULE

1. SELECT **Add requirement**

Edit Module Settings
